## **Sessions...**

It's best to come into the studio for a brief consultation before having your child photographed. We'd really like to create something special... and discussing ideas and clothing will make sure that this extra effort beforehand will be well rewarded with an outstanding portrait!

### **Child session \$45**

The basic indoor session, one outfit, with a variety of poses and expressions. Generally offering several different backgrounds or photo-sets. Props, pets or themes welcomed.

### **Child outdoor session \$45**

For a casual look, and an environment which often makes younger children feel more comfortable, we also offer a outdoor session. Like the session above... but outdoors!

### **Mother and Child \$65**

Very popular session with new baby's and younger children. Often done 'hi-key' (all white background and clothing) this session captures that special relationship between mother and child. Soft white clothing, a light flowing robe or white night gowns are especially popular. We often shoot soft focus to achieve a dreamy, artistic heirloom quality portrait. Dad will love it.

### **Clothing selection**

Is the most important part of a child's portrait. The best rule of thumb is solid colors, staying away from busy patterns and outfits with patches of bright or contrasting colors, especially those with kiddy pictures on them. Often the best clothing for children ages 1 and up are those that look like adult clothing. Sweaters and cords, bib overalls, knickers & caps!, classic dresses in soft or muted tones. These are all great choices. Call us for tips on where to find these items.
